

## Why should you choose language summer camps with PROGRAM?

For many years PROGRAM has been organizing themed language camps with **English native speakers**. Learning English naturally when speaking in class with native Brits, Americans or Canadians is the easiest way to effectively acquire English. There is no textbook or teaching method that would match the effectiveness of natural language acquisition. Our teachers from USA, Great Britain and Canada have the right qualifications to teach a foreign language, experience in working with children, they are full of enthusiasm and their personalities are just perfect for this job. At the same time they have many additional skills: they are familiar with the rules of many sports and games, they are musical and can sing or play musical instruments, direct a play and make a good movie or musical. All our teachers have experience working in other countries, often with children from other cultures. We are certain that this experience will enrich the summer camps organized by our school and allow children and teenagers to discover their talents.

At the camp you will also explore an underground maze and play the knights of the round table. Together with the teachers you will create sets for several episode fragments from famous stories and act them in the open air. During the two-day workshop you will discover the secrets of taekwondo under the watchful eyes of instructors. At the end of the training, students will demonstrate their martial art skills in the park surrounding the centre.

## **WORLD OF SUSPENSE**

### **Just like in Agatha Christie's books**

If you are creative and imaginative, we would like to invite you to the beautiful resort of Marina Borne Sulinowo for a camp that will give you a thrill. The theme will be a detective story inspired by the work of Agatha Christie – an expert in classic crime novels. You will watch and analyse fragments of a film inspired by her work – “Knives Out” directed by Ray Johnson.

The film is set in an estate that belongs to the famous crime novel author Harlan Trombley, who is found dead the day after his 85th birthday. The investigation is conducted by an elegant and equally inquisitive detective, just like the famous Hercule Poirot – Benoit Blanc, played by Daniel Craig. In this way you will discover the secrets of escalating the tension towards the climactic moments for which Agatha Christie was famous.

You will prepare and perform selected scenes from the movie with the "suspense" atmosphere working together in "project groups". With sheer mastery, as actors, you will become family members of the murdered senior. Everyone in the movie has a motive to kill. Everything will be done in a black and white film convention. Benoit Blanc, through his unconventional methods, determination and skills reveals further elements of the puzzle. There can only be one perpetrator. The stuffy atmosphere of the property will magnify the tension created on your film sets but you don't have to be afraid. It's just a movie!

Szymon Kawecki, a master of black and white photography, will lead a two-day photography workshop and will help you take photos for your movies. Finally, there will be a festive crime themed Gala Dinner.

During the stay there will also be an opportunity to swim in a nearby lake, take a water tram to Mysia Wyspa or enjoy bike rides around the area.

### **The Witcher & Other Stories**

A beautiful Lake Wellness Centre in Szczecinek, surrounded by forests and lakes, will be the place where you will meet the characters of the Witcher saga. You will spend two amazing weeks full of thrilling adventures in the mysterious area of forests and lakes in the Drawski Landscape Park.

This book is full of suspense, like the books of Edgar Allan Poe or Arthur Conan Doyle, who are masters of this genre. However, this time horror will mix with fantasy. You will be inspired by the work of A. Sapkowski – a saga about “The Witcher”, whose world is inhabited by dwarves, gnomes, werewolves and vampires. At the camp you will get to know a few fragments of the story of Geralt of Rivia, Cahir, Jaskier, Ciri, Yennefer and many others.

Inspired by the saga, you will create your own theatre scenes in the scenery of the centre and the park surrounding it. You will also use other characters from the well-known films, games and novels of A. Sapkowski where horror and fantasy meet. You will have a make-up session, for which we will provide materials and tools and this will make the whole project even more thrilling! Your outfits straight from the movie and the book about The Witcher will be photographed at a catwalk fashion show just like in London or New York. The photos will be taken by Szymon Kawecki – a master of photography. He will conduct a two-day photographic workshops just for you.

And at the end of the day, when the evening finally comes and when your faces are reflected in the waters of a nearby lake will it be like in the poem by E.A. Poe? - “a dim lake that drowns in the mist and a forest haunted by ghosts” - you will see for yourself ...

There will be one more attraction during the camp – a short sailing course conducted by an instructor from the centre. In addition, there will be swimming in a nearby lake and a water tram ride to Mysia Wyspa. You will also walk around some interesting bunkers from the times of the Second World War, a tourist attraction in Szczecinek.

### **THE TOLKIEN HEROS SAGA**

This summer the mysterious and picturesque scenery of the historic palace in Siemczyno will take you into the world of myths and magic.

The palace was built in the 18th century by the von der Goltz family. It is a spectacular building hiding a few interesting stories. Here, in Heinrichsdorf, the Swedish army crossed the Polish border, starting their invasion called "The Swedish Deluge". Among the walls of the old palace and the rocks, ravines and lakes of the Drawski Landscape Park you will meet creatures straight from Tolkien's fantasy novels: elves, dwarves, hobbits and wizards. The heroes of this world are characterized by extraordinary strength and courage. They often sacrifice their freedom and their lives to fight for their land and its people.

At the camp you will create perfect interpretations of characters from Tolkien's Middle Earth. You will turn into Gandalf, Pippin, Aragorn, Frodo, Arwen or Eowyn. You will create a Broadway-like artistic and musical performance that reflects the atmosphere of Tolkien's saga. Bring your own instruments (guitars, flutes, trumpets) and create new music which may become the basis for a new Broadway musical called The Tolkien Saga. Become the masters of the fantasy genre and present the battle between good and evil with your own background music. Or maybe some of you prefer to become set designers or makeup artists? We invite you to the unique theatre in Siemczyno Palace, where a real stage is waiting for those students who want to sing, dance and act!

You will be supported by the actors from Społeczna Jedyńka studio from Poznań who will give you a two-day acting workshop where you will focus on vocal exercises, work with the body and discover your vocal abilities. Maybe you will discover your talent and it will be equal to that of Roxie Węgiel?

During your stay you will take very interesting trips to the lake near Czaplinek and visit this old, historic town. You will take a cycling trip down the Henrykowski trail and a lot more.

traces of previous generations, where the present mixes with history.
